Dear Parents and Carers,

Re: Tapestry Online Learning Journal

At The John Fielding School we subscribe to a secure online learning journal called Tapestry which some of you may be familiar with as it is widely used by Nurseries and Primary Schools. If you would like to receive photos and videos about learning your child has been doing in school and upload information about their activities at home please complete the form below.

This system relies on all members agreeing not to share photos that are posted on Tapestry and include children other than your own on any social media platforms. We take our duty to protect your child online very seriously and if we become aware of any breaches of this agreement we will remove the account concerned from the system.

If you would like to receive Tapestry posts please complete the information below and the consent form overleaf.

Child's name: _____

Parent / Carer name: _____

We hope to go live to parents before the February holiday time. If you have any additional questions please feel free to contact me.
